

UNIVERSITY OF MINNESOTA

PRESIDENT'S POSTDOCTORAL FELLOWSHIP PROGRAM

CALL FOR APPLICATIONS

THE PROGRAM The University of Minnesota is pleased to offer postdoctoral fellowship opportunities in disciplines represented at the university, coupled with faculty mentoring, professional development, and academic networking opportunities. The University seeks applicants whose research, teaching, and service will contribute to diversity, inclusion, and equal opportunity in higher education and at the University of Minnesota. The President's Postdoctoral Fellowship Program is interested in scholars with the potential to bring to their research and teaching the perspective that comes from their educational background or understanding of the experiences of groups historically underrepresented in higher education.

AWARDS Fellowships are awarded for research conducted at any one of the University of Minnesota's five campuses. President's Postdoctoral Fellows are expected to establish residence and participate in academic life in their host department, focus full-time on research & scholarship and avoid other commitments, meet regularly with their faculty mentor, and attend the PFP professional development programs. Each award is for a minimum of 12-months and may be renewable for an additional term upon demonstration of academic/research productivity.

The University of Minnesota views these awards as providing an exceptional opportunity to recruit potential new faculty to the university by offering the possibility, dependent on specific colleges and departments, of either a fellowship or a combined fellowship and tenure-track faculty appointment.

ELIGIBILITY Applicants must receive a Ph.D. or equivalent terminal degree from an accredited university before the start of their fellowship.

APPLICATION Apply online at: <http://ppfp.ucop.edu>

DEADLINE: Nov. 1, 2019

Partner Programs with University of California, Carnegie Mellon University, University of Colorado, Boulder, University of Maryland, University of Michigan, The California Alliance, UC Chancellor's Postdoctoral Fellowship Programs, and the UC-affiliated National Labs.
